Commented [LEW1]: Adopting FB's proposed dates here

Commented [LEW2]: Judge Chhabria has already decided that expert disclosures for class cert/summary judgment are to be aligned. Doing otherwise complicates and delays the schedule.

¹ The substantial completion deadline assumes that by the deadline Facebook will have substantially completed production of: all data for the Named Plaintiffs; ADI documents pursuant to Court-ordered resolution; non-custodial document production; targeted production of documents from additional custodians or sources; and documents related to business partners, as well as supplementing interrogatory responses regarding the same, by the deadline. It also assumes Facebook will have substantially completed documents from any other disputes timely raised and resolved by the deadline.

² Privilege logs will be produced pursuant to the existing protocol, Dkt. No. 462.
